| **hp paper-backed fabric polyester 110 gram** | **speciality printing materials** | **hp designjet 5000 & cp, series printers** |

HP Paper-Backed Fabric Polyester 110 gram is a 100% Polyester, knitted, flame retardant banner textile suitable for indoor signs. This material can be draped like any other fabric and its special tear-proof structure makes it ideal for banners, curtains, decoration and window display. The material is fixed on a paper release liner for stable transport in the printer. After printing, remove the paper release liner and the product is ready to use.

benefits
• Brilliant colours
• Suitable for most large format printers, thermal or piezo
• Water-resistant and smudge-proof
• Suitable for uv or dye-based ink
• For optimum results avoid 3 colour composite black, use single colour black only

applications
• Indoor flags and banners
• Exhibitions/shows
• Indoor signs
• Shop decorations
• Window display
• Curtains
